

Trap Shoot nets more than \$1,300 for Water for People

by Craig Reinsch, Olsson Associates, representing the Nebraska Section AWWA

The First Annual Water for People Trap Shoot, coordinated by the Nebraska Section AWWA and Iowa Water Pollution Control Association (IWPCA), netted more than \$1,300. The proceeds will be split between the two groups. A total of 17 people (12 from Nebraska, 5 from Iowa) participated in the event June 3 at the Harry Koch Trap Range, Papillion, NE.

Host **Steve Nuss** was wonderful and even returned \$100 of the facility rental fee to Water For People as a donation.

The afternoon shoot began with registration, lunch and a safety briefing. Seventeen participants had a choice of shooting 25 rounds of trap or skeet. Most shot multiple rounds to draw the best scores.

The three high scores for skeet were **Andrew Hansen**, Black & Veatch (23), **Jerry Hockmeier**, Lincoln Water System (18), and **Dave Dunning**, HD Supply (17). Hansen and Hockmeier tied for the top trap high score of 24. **Mike Abbott**, Lincoln Water System; Dunning; **Cliff Stuthman**, Stuthman Equipment, and **Tom Walters**, Nebraska City Utilities, tied with a score of 23.

Sponsors included:

- Cramer Engineering Services
- Diamond Plastic Pipe
- Engineering America
- Grosch Irrigation
- Hydro-Klean Inc.
- Isco Pipe
- LeGrande Excavation
- Northwest Pipe Co.
- Rutjens Construction
- Schmidt-Greteman Associates
- Superior Staffing,
- Snyder and Associates
- Test America

Prizes were donated by Diamond Plastic Pipe, Fluid Technology Corp., Maguire Iron and Olsson Associates.

The funds allow Water For People to help people in developing countries improve their quality of life with sustainable drinking water resources, sanitation facilities and health and hygiene education programs.

Thanks to the sponsors, participants and our host. The event was great and we plan to have a similar event next year! Thank you to all who have helped Water For People to share the gift of life!
