July 19, 2010

To: Nebraska Section AWWA Executive Board

From: Section Director Tony Bilek

Subject: July, 2010 Directors Report

Dear Board,

A have attached highlights of the June 20, 2010 Board Meeting that was held in Chicago, in conjunction with AWWA-ACE. Governing Documents, Section Bylaws, Policy Statements, Standards and Treasurers report are among the key items covered in the Board Meeting.

Attendance at AWWA-ACE was up 3.6 over 2009. Revenue is expected to be below the budget (March forecast) by no more than 2%

There were 1090 booths in the exhibit hall ranging from small 8‘x10’ booths to large displays of over 1000 square feet. On-line registration for ACE 2011 resulted in 1041 booths being reserved for next year’s conference; this is an increase of 1.67% over last year’s on-line registration.

National membership numbers continue to decline. We have fallen below 56,000 members. Most of the losses appear to individual members. This is trend has been evident for the last several years and continues to be a focal point for national and section leaders.

Most of this information, as well as additional ACE highlights, will be in the summer edition of Wise Water Words.

Respectfully submitted,

Tony Bilek
