Re: NSAWWA 75th Anniversary Celebration

Dear Nebraska Section Member:

Greetings to our Nebraska Section membership. You may have heard that this year marks the 75th year anniversary of the creation of our section in 1947. We have been working this year to have small celebrations throughout the year, building towards a celebration at our Joint Fall Conference. The dates of the conference are set for November 2 through 4 at the Younes Center in Kearney, Nebraska, with the NSAWWA portion on November 3 and 4.

While we look forward to seeing you at the fall conference and celebrating with you, the purpose of this letter is to thank you. Thank you to each individual, utility, and service provider who has helped to build and develop this section.

Enclosed with this letter is an infographic outlining the benefits that the Section provides to you as members of the Association. Many of these benefits are subtle, but are available at your fingertips when needed, especially when your system is challenged. If you are part of a community or organization, and are unfamiliar with our Section, please visit awwaneb.org to find out more about us. We are always looking for more of our membership to get involved with the Section. On the left side of the letterhead is a listing of our current officers and committee chairs. Please feel free reach out to one of us to learn more about service opportunities to get the most out of your membership.

We again thank you for your support over these past 75 years, and look forward to continue supporting you and your water system staff through training opportunities, networking and mentoring, access to professional assistance, and emergency services. We look forward to seeing you at the Fall Conference, and other upcoming events!

Sincerely,

Craig Reinsch
Chair, Nebraska Section 2022
