 **OLSSON
ASSOCIATES**
www.oaconsulting.com

Olsson Associates offers a full spectrum of services to more than 150 municipalities. With a complete line of funding assistance, planning, design, permitting, operations consulting, and construction phase services in water systems delivery, Olsson is able to respond to a broad set of client needs.

Please e-mail updates and revisions to mari_matulka@mudomaha.com. We run revisions in Wise Water Words. In addition, this document is posted on the Section's website (www.awwaneb.org) and is periodically updated.

Thank you to our advertisers for their continued support which helps bring our publications to Nebraska Section AWWA members.

Front row, from left: Trustee Eric Lee, Lincoln Water System; Director Chris Koenig, HDR Inc., Chair Kevin Tobin, Metropolitan Utilities District; Trustee David Lathrop, City of Seward.

Back row: Secretary Teresa Konda, HDR Inc.; Treasurer Rob Pierce, League of Nebraska Municipalities; Past-Chair Mike Wentink, Nebraska Health & Human Services; Vice-Chair John S. Olsson, Olsson Associates, and Chair-Elect Dr. Bruce Dvorak, UNL Civil Engineering.

Chairperson

Kevin P. Tobin, Metropolitan Utilities District
1723 Harney St., Omaha, NE 68102-1960
tel: 402.504.7560 fax: 402.504.5560
e-mail: kevin_tobin@mudnebr.com

Chairperson-Elect

Dr. Bruce I. Dvorak, University of Nebraska
Department of Civil Engineering
W348 Nebraska Hall, Lincoln, NE 68588-0531
tel: 402.472.3431 fax: 402.472.8934
e-mail: bdvorak@unl.edu

Vice-Chairperson

John S. Olsson, Olsson Associates
1111 Lincoln Mall, Lincoln, NE 68508

Area 5 (Adams, Buffalo, Franklin, Gosper, Hall,

Harlan, Kearney, Phelps, Webster):

Ralph Naber, 308.385.5225; cell: 308.390.2071

Area 6 (Antelope, Blaine, Boone, Boyd, Brown,

Garfield, Greeley, Holt, Howard, Keya Paha, Loup, Nance, Platte, Rock, Sherman, Valley, Wheeler):

David Jundt, 402.370.3404; cell: 402.750.0967

Area 7 (Chase, Custer, Dawson, Dundy, Frontier,

Furnas, Hayes, Hitchcock, Johnson Lake, Keith, Lincoln, Perkins, Red Willow):

Tony Martinez, 308.535.8387; cell: 308.530.4651

Area 8 (Arthur, Banner, Box Butte, Cherry, Cheyenne,

Dawes, Deuel, Garden, Grant, Hooker, Kimball,

Logan, McPherson, Morrill, Scotts Bluff, Sheridan,

Sioux, Thomas): **Doug Allen**, 308.535.8216; cell: 308.530.3929

Capacity Development Coordinator

Scott Sprague, 402.471.0088; cell: 402.326.4954

Water Operator training and certification,

water operator reimbursement grant:

Mike Wentink, 308.535.8135; cell: 308.530.3930

Water Operator training and certification,

Barb Eickmeier, 402.471.0523

Water System Security Coordinator

Kristin Luebbe, 402.471.1007; cell: 402.416.2558

Monitoring and Compliance

Program Manager:

Howard Isaacs, 402.471.0930

Total coliform:

Sherry Wirth, 402.471.0932

Lead and copper, ground water rule:

Steve Drda, 402.471.1008

Nitrate, synthetic organic chemical, source water/well head protection:

Ralph Pulte, 402.471.0172

Volatile organic chemical, radon, radionuclide rules:

402.471.1009

Inorganic chemical, fluoride, arsenic, asbestos

Andy Kahle, 402.471.2104

Surface water treatment rules, disinfectants/

disinfection byproducts for large surface water systems, filter backwash rule:

Elizabeth Esseks, 402.471.1010

Regulation review/writing, unregulated contaminant rule:

Jo Ann Wagner, 402.471.0520

Public notification tracking, consumer confidence report, regulation review/writing:

402.471.6571

Safe drinking water information, (SDWIS):

Dave Fox, 402.471.0785

Permit to operate, water operators, update information into SDWIS:

Helen Donlan, 402.471.2713

Disinfectants/disinfection byproduct for ground water systems and small surface water systems, safe drinking water information system backup:

Mary Poe, 402.471.1003

Engineering Services

Program manager:

Chin Chew, 402.471.0522

Plan review, MHP issues, well sites, encroachment issues, regulation development:

Sharon Godfrey, 402.471.1004

Plan review, design memorandums, inspections, swimming pool issues, regulation development:

Steve Jillson, 402.471.6448

Plan review, test well quality issues, swimming pools, regulation development:

Kyle Tillinghast, 402.471.0931

Plan review, swimming pools, DWSRF, regulation development:

Angel Lowery, 402.471.0513

Plan review, engineering reports, inspections, DWSRF, regulation development:

Bylaws of Nebraska Section AWWA

Approved by the membership at the Annual Fall Conference business meeting, November 4, 2004, in Kearney, Nebraska.

BYLAWS OF THE NEBRASKA SECTION OF THE AMERICAN WATER WORKS ASSOCIATION

ARTICLE I — NAME

- 1.1 The name of this organization shall be the NEBRASKA SECTION OF THE AMERICAN WATER WORKS ASSOCIATION hereinafter referred to as the "Section."
- 1.2 In these Bylaws, the American Water Works Association is hereinafter referred to as the "Association."

ARTICLE II — OBJECTIVES

- 2.1 The objectives of this Section are to promote public health, safety and welfare through the improvement of the quality and quantity of water delivered to the public and the development and furtherance of understanding of the problems relating thereto as noted in the AWWA Articles of Incorporation.

ARTICLE III — HEADQUARTERS AND OPERATIONS

- 3.1 The headquarters of this Section shall be at the Office of the Secretary except as some other location may be specifically designated by the Section Governing Board.
- 3.2 All matters pertaining to the operation of the Section shall be in accordance with the Articles of Incorporation, Bylaws and Governing Documents of the American Water Works Association and with these Bylaws.

ARTICLE IV — MEMBERSHIP

- 4.1 The membership of this Section shall consist of those members of the American Water Works Association residing in or having principle business activity in the Nebraska Section and those assigned to the Nebraska Section by the Executive Director of the American Water Works Association.
- 4.2 The boundaries of the Section shall correspond to the boundaries of the State of Nebraska.

ARTICLE V — ELIGIBILITY TO VOTE

- 5.1 All members of the Section in good standing, except multi-section members, are eligible to vote.
- 5.2 Occasions where a vote of the membership is required include: the election of Section Officers and/or other members of the Section Board of Trustees as described herein; approval of a proposed amendment of these Bylaws; approval of a special dues assessment of the Section membership; or in any other event for which the Section Board of Trustees requires a vote of the Section membership.

ARTICLE VI — DUES AND FEES

- 6.1 Dues shall be assessed against members of this Section as required for membership in AWWA.
- 6.2 The Section may, in accordance with the procedures defined in the Association Governing Documents, Article XI, Section 11.4.4, and established guidelines of AWWA, apply for permission to levy a Section dues assessment. The Section as-

essment would be levied annually at the time of membership renewal and the revenue collected would be used to increase the funds available for Section uses consistent with AWWA objectives and policies. Once approved, changes in the Section assessment can be authorized by a vote of the Section Board of Trustees for submission to and approval by the AWWA Board of Directors.

- 6.3 The Board may, at its discretion, assess each member and associate member a registration fee. Registration fees shall be sufficient to defray the costs of operating the Annual Conference, training sessions, seminars and other meetings. Such fees will be established in accordance with these Bylaws, the policies and procedures of the Section and Governing Documents and Bylaws of the Association.
- 6.4 All Section finances shall be managed in accord with these Bylaws, Section policies and procedures, the Bylaws and Governing Documents of the Association and all applicable financial rules and regulations of the State of Nebraska. The Section shall conduct, on an annual basis, an internal review of all Section finances. An audit shall be conducted, at least once every three years, by a qualified financial advisor, who is neither an employee of the Section nor a member of the Section Board of Trustees.

ARTICLE VII — SECTION OFFICERS AND GOVERNING BOARD

- 7.1 The Officers of the Section shall be as follows:
 - a. Chair.
 - b. Chair-Elect.
 - c. Vice-Chair.
 - d. Secretary.
 - e. Treasurer.
 - f. Representative on the Association's Board of Directors, hereinafter called the "Director."
 - g. Three Trustees — One of whom shall be the last living Past-Chair of the Section.
- 7.2 The above Officers shall constitute the Section Governing Board, hereinafter call the "Board," which shall be the governing body of the Section.
- 7.3 The Officers of the Section shall execute its business in accordance with the Bylaws of the Section and the Articles of Incorporation, Bylaws and Governing Documents of the American Water Works Association.
- 7.4 The term of each of the Officers shall be approximately one year, beginning and ending at the close of the Section Annual Conference, except in the case of the Director, whose term shall be approximately three years as provided for by the Bylaws and Governing Documents of the American Water Works Association.
- 7.5 Any member of the Section shall be eligible to hold Section elective office, except multi-section membership.
- 7.6 Two or more offices may not be held by the same individual, with the exception of the Offices of Secretary and Treasurer.

ARTICLE VIII — DUTIES OF THE OFFICERS

- 8.1 The duties of the Chair shall be to: a) supervise and coordinate all of the affairs of the Section; b) preside at all meetings of the Section and of the Board; and c) appoint all Committees of the Section with Board approval, except as may be otherwise specifically provided herein or directed by the Board.
- 8.2 The Chair-Elect shall: a) perform the duties of the Chair in the Chair's absence; and b) perform other duties as may be assigned by the Chair or the Board.
- 8.3 The Vice-Chair shall: a) perform the duties of the Chair or Chair-Elect in their absence; and b) perform other duties as may be assigned by the Chair or the Board.
- 8.4 The Secretary shall: a) attend all meetings of the Section and of the Board, duly recording the proceedings thereof; b) prepare such records, reports, and correspondence as may be required by the Board or by the Association to properly record the Section activities; and c) perform other duties as the Board may direct. In the absence of the Secretary, the duties of the Secretary shall be performed by the Treasurer.
- 8.5 The Treasurer shall: a) be responsible for Section funds and shall establish and keep accurate accounts of receipts and disbursements in accordance with the Association Uniform System of Section Accounting; b) be responsible to collect all monies due the Section and shall promptly deposit the same to the credit of the Section in a depository approved by the Board; c) perform all the duties laid down in Article XI of the Governing Documents of the American Water Works Association; d) annually obtain an audit or review of Section finances as specified in Section 6.4; e) complete and file the appropriate tax forms and other tax-related information for the Section as required under State and Federal law; and f) perform other duties as the Board may direct.
- 8.6 The Director shall be a member of the Section's Board (and of the American Water Works Association's Board of Directors) in accordance with the provisions of the Articles of Incorporation, Bylaws, and Governing Documents of the American Water Works Association and shall represent each one of those bodies in the deliberations of the other and shall act to coordinate and unify their actions.
- 8.7 The Trustees shall perform such duties as may be assigned by the Chair or the Board

ARTICLE IX — THE SECTION GOVERNING BOARD

- 9.1 The Board shall have general supervision over all of the affairs of the Section and shall be its legal representative in all matters, except as this duty may be specifically delegated.
- 9.2 The Board shall prepare, as needed, and enforce the conduct of the business of the Section regulations not in conflict with these Bylaws or the Articles of Incorporation, Bylaws, or Governing Documents of the American Water Works Association, and shall amend same as required.
- 9.3 All members of the Board, except the Chair, shall be entitled to one vote on all issues coming before the Board. The Chair

may vote on issues to break ties which require a simple majority for passage.

ARTICLE X — ELECTION OF OFFICERS

10.1 Nominating Committee

- 10.1.1 Not later than March 1 of each year, the Section Chair shall appoint a nominating committee of three members one of whom shall be the Past Chair.
- 10.1.2 The nominating committee shall select one nominee for each of the following offices: Chair-Elect, Vice-Chair, Secretary, Treasurer, three Trustees, one of whom shall be the last living Past-Chair of the Section who is a member of the Section; and, at three-year intervals, shall select one nominee for the Office of Director. The Section Chair-Elect shall automatically assume the Office of Section Chair.
- 10.1.3 The Committee's nomination shall be in the hands of the Secretary not later than July 31. Upon receipt of the nominations, the Secretary shall, within 20 days, mail to each member, a notice setting forth the nominations of the nominating committee and stating the date, time, and place of the next business meeting, at which the elections will be held.
- 10.1.4 Should the nominating committee fail to act by July 31, the Secretary shall notify the members by mail, stating that all nominations will be from the floor at the Section's business meeting, the date, time, and place of which shall be included in the notice to the members.

10.2 Election

- 10.2.1 At the Sections's business meeting, the Chair shall read the notice as issued by the Secretary, after which he or she shall call for and receive additional nominations from the membership assembled.
- 10.2.2 Separate balloting shall be conducted for each office. The Chair may accept a motion for a unanimous ballot for such nominee. A majority of the votes cast shall be required to elect.

10.3 Vacancies

- 10.3.1 Should the Director be unable to complete the term of office, the Board shall appoint a successor to serve the remainder of the term, and the Secretary shall notify the Executive Director of the Association of such selection.
- 10.3.2 In the case of a vacancy in the Office of the Chair, Vice-Chair or Chair-Elect, Trustee, and Secretary or Treasurer, the Section Board of Trustees shall appoint a suitable replacement to complete the term of the vacant position.

10.4 Removal from Office

- 10.4.1 An officer may be removed from office by the Board if the officer fails to carry out the responsibilities of elected office as so determined by the Board. Removal may be accomplished by a resolution supported by two-thirds of the Board.

ARTICLE XI — MEETINGS

- 11.1 The Section shall hold at least one business meeting in each calendar year for the purpose of conducting the Section's business, electing officers, receiving reports of the various officers and committees, promoting the interests of the Association and advancing the technical and administrative knowledge of the members. The time and place of the business meeting shall be at the annual conference.
- 11.2 Meetings of the Board shall be called by the Chair or at the request of any other member of the Board. There shall be at least one meeting of the Board during the annual meeting of the Section.
- 11.3 A quorum of the Board shall consist of at least five of its members.
- 11.4 The Section may hold other meetings from time to time for the purpose of presenting technical papers on a subject of special interest, workshops, educational seminars, etc. The time and place of these meetings may be set by the Board or by a committee appointed by the Board for this purpose subject to the other provisions of this article.
- 11.5 It is the policy of this Section to endeavor to cooperate with other Sections of the American Water Works Association to prevent conflict of meeting dates with those of other Section's meetings and especially with those of the adjoining Sections.
- 11.6 The Section may, if deemed advisable by the Board, to hold joint meetings with other adjoining Sections or with other organizations having mutual interests, such as the Nebraska Water Environment Association, Nebraska Section American Public Works Association or the Utilities Section of the League of Nebraska Municipalities.
- 11.7 If such joint meetings are held, any business meetings of the Section shall be open to all interested individuals, but only those holding membership in the Association shall have voting rights. Further, the Section's participation in such joint meetings shall be clearly identified and publicized, and the Section shall have an approximately equal share of the program. Additionally, the provisions of the Association's Governing Documents, Article XI, Section 11.7 will be followed.

ARTICLE XII — AMENDMENTS

- 12.1 Proposals for the amendment of these Bylaws may originate by a unanimous vote of the Section Governing Board or they may originate by the submission to the Secretary of a written petition signed by at least 10 members of the Section. Upon an amendment being proposed in either of these two manners, the Secretary shall furnish each member a copy of the proposed amendment. The proposed amendment shall then be voted upon by the members at the next annual meeting in a manner similar to that provided for the election of officers (Article X of these Bylaws), or may at the discretion of the Board be voted upon by letter ballot, provided, however, in either case, all members shall have at least 30 days in which to consider the proposed amendment prior to a vote upon it.

- 12.2 Upon favorable action having been taken as to an amendment in the forgoing manner, the Secretary of the Section shall then submit same to the Executive Director of the American Water Works Association for approval or disapproval by the Association's Board of Directors. Upon notification by the Executive Director of the Association that the amendment has been approved by the Board of Directors, it shall thereupon become effective.

ARTICLE XIII — DISSOLUTION

- 13.1 In case of the dissolution of the Section, such portions of the funds or property thereof in the hands of the Treasurer as may have been derived from the general funds of the American Water Works Association shall be returned to the American Water Works Association.
- 13.2 The balance of the Section funds or property shall be disposed of by transfer and distribution of any one or more corporations, funds, or foundations with like purposes or goals that is organized and operated in an area included in the Section, hereinafter referred to as the "receiving organization."
- 13.3 To comply with Section 501(c)(3) of the United States Internal Revenue Code under which the Association is incorporated, any such receiving organization shall be organized and operated according to the following criteria:
 - 13.3.1 Exclusively for scientific or educational purposes;
 - 13.3.2 No part of the net earnings shall inure to the benefit of any private shareholders or individuals;
 - 13.3.3 No substantial part of the activities of which is carrying on propaganda or otherwise attempting to influence legislation, and which does not participate in, or intervene in (including the publishing or distributing of statements) any political campaign on behalf of any candidate for public office.
- 13.4 Any such receiving organization(s) shall be selected by vote of the majority of the members of the Section at a meeting called for this purpose. If for any reason such disposition cannot be effected, then such funds shall be so distributed pursuant to the order, judgment or decree of a court having jurisdiction over the assets and property of the Section.

ARTICLE XIV — INDEMNIFICATION

- 14.1 Indemnification is provided by the Association as described in the Association Bylaws, Article VI, Section 6.01.

Committee Goals

Awards

1. Develop a list of awards, eligibility requirements, plus deadlines for submitting nominations for national and state awards.
2. Publish in Section newsletter a call for nominations, if applicable.
3. Coordinate water operator awards with Nebraska Health & Human Services.
4. Actively pursue awards for eligible individuals or groups.

Cross Connection

1. Review Nebraska Health & Human Services Cross Connection Control regulations.
2. Conduct or cosponsor, as needed, cross connection control workshop(s).
3. Work with other committees, organizations and groups for training and transfer of information.

Education and Training

1. Continue education and training programs in cooperation with the League of Nebraska Municipalities, Nebraska Rural Water Association and Nebraska Health & Human Services.
2. Develop long-range goals for education and training activities.
3. Develop one workshop or other training activity during the year.
4. Provide AWWA education material display at the annual fall conference.
5. Work with other committees, organizations and groups on training and transfer of information, such as the Children's Groundwater Festival.

Fall Conference

1. Conduct an effective annual fall conference for the entire membership.
2. Develop interesting, effective programs with variety for all members at each meeting.
3. Encourage potential members to attend programs by direct program mailings to selected nonmembers.

Manufacturers/Associates Council

1. Encourage manufacturers and representatives to be involved with the Fall Conference Planning Committee.
2. Promote manufacturers and associate memberships within the Section.
3. Prepare letters of invitation and contracts for soliciting Fall Conference exhibitors.
4. Coordinate booth rental and exhibit all arrangements for the Fall Conference.

Membership

1. Develop membership promotion program.
2. Complete prospective membership lists, including nonmembers who regularly attend conferences.
3. Identify prospective members from public and private water suppliers, consulting engineers and equipment suppliers.
4. Provide article or information for each issue of Wise Water Words.
5. Retain existing members.
6. Secure a utility membership for every water utility system with more than 10,000 customers.
7. Secure a minimum of one membership in every Nebraska county.
8. Welcome new members and introduce them at the annual fall conference.

Nominations

Actively pursue nominations for officers according to Section Bylaws, and submit a written report of nominations to the Board of Governors and Publications chairperson prior to the annual fall conference.

Publications

1. Publish three issues of the Section newsletter per calendar year.
2. Publish biennial membership directory.
3. Acquire advertisements for membership directory and newsletter.
4. Maintain section website.
5. Provide annual budget to treasurer.
6. Provide annual report for fall conference.

Public Information

1. Provide press releases/media coverage for Safe Drinking Water Week, annual conference, and other events or information as needed.
2. Provide drinking water information to the media throughout the year, i.e., PSAs.
3. Investigate alternative methods to deliver public information.
4. Provide for continuity of the committee.

Research and Student Activities

1. Evaluate research needs of members and report to the Board of Governors.
2. Continue to promote an effective working relationship with UNL and UNO on any research projects related to the water industry.
3. Provide for student paper presentations at the annual conference.
4. Encourage student membership and/or attendance at the annual fall conference.

Safety

1. Coordinate a safety workshop with the League of Nebraska Municipalities and the Nebraska Water Environment Federation.
2. Work with the Nebraska Health & Human Services to accept safety workshop credit hours for application towards water operator recertification.
3. Work with other committees, organizations and groups for training and transfer of information.

Scholarship

Award annual training grants to Section members, members of their families and graduate students.

Small Systems

1. Develop committee goals and objectives.
2. Work with other committees, organizations and groups, including the Nebraska Rural Water Association, on training and transfer of information.

Water for People

Promote interest and raise funds for the international AWWA Water for People Program, which supports drinking water and sanitation projects in developing countries.

Water Utility Council

1. Monitor water issues and activities at state and federal levels.
2. Advise the Board of Trustees of critical legislative hearings.
3. Work with other water organizations to educate legislators about the water industry.
4. Provide written summaries to the Board of Trustees.

Young Professionals

1. Develop partnerships with other committees.
2. Integrate young professionals into the fabric of the Section.
3. Create educational opportunities for young professionals.

To borrow these resources, contact the Nebraska Rural Water Association office: tel: 402.443.5216; fax: 402.443.5274; e-mail: nerwa@alltel.net. These resources also may be purchased from national AWWA. When you purchase them through the Section, we receive credit from the national office.

C301-99	Prestressed Concrete Pressure Pipe, Steel-Cylinder Type	C600-99	Installation of Ductile Iron Water Mains and Their Appurtenances
C302-95	Reinforced Concrete Pressure Pipe, Noncylinder Type	C602-00	Cement-Mortar Lining of Water Pipelines In-Place — 4" (100mm) and Larger — In-Place
C303-95	Concrete Pressure Pipe, Bar-Wrapped, Steel-Cylinder Type	C603-96 (R00)	Installation of Asbestos-Cement Pressure Pipe
C304-99	Design of Prestressed Concrete Cylinder Pipe	C605-94	Underground Installation of Polyvinyl Chloride (PVC) Pressure Pipe and Fittings for Water
C400-93 (R98)	Asbestos-Cement Pressure Pipe, 4" thru 16" (100mm thru 400mm) for Water Distribution System Distribution Systems	C606-97	Grooved and Shouldered Joints
C401-93 (R98)	Selection of Asbestos-Cement Pressure Pipe, 4" thru 16" (100mm thru 400mm) for Water	DISINFECTION OF FACILITIES	
C402-00	Asbestos-Cement Transmission Pipe, 18" thru 42" (450mm thru 1,050mm) for Water Supply Service	C651-99	Disinfecting Water Mains
C403-00	Selection of Asbestos-Cement Transmission Pipe, Sizes 18" thru 42" (450mm thru 1,050mm) for Water Supply Service	C652-92	Disinfection of Water-Storage Facilities
Valves and Hydrants		C653-97	Disinfection of Water Treatment Plants
C500-93	Metal-Seated Gate Valves for Water Supply Service (Includes addendum C500a-95)	C654-97	Disinfection of Wells
C502-94	Dry-Barrel Fire Hydrants	METERS	
C503-97	Wet-Barrel Fire Hydrants	C700-95	Cold-Water Meters-Displacement Type, Bronze Main Case
C504-00	Rubber-Seated Butterfly Valves	C701-88	Cold-Water Meters-Turbine Type for Customer Service
C507-99	Ball Valves 6" thru 48" (150mm thru 1,200mm)	C702-01	Cold-Water Meters-Compound Type
C508-01	Swing-Check Valves for Waterworks Service, 2" (50mm) thru 24" (600mm) NPS	C703-96	Cold-Water Meters-Fire-Service Type
		C704-92	Propeller-Type Meters for Waterworks Applications
		C706-96 (R00)	Direct-Reading, Remote-Registration Systems for Cold-Water Meters
		C707-82 (R92)	Encoder-Type Remote-Registration Systems for Cold-Water Meters
		C708-96	Cold-Water Meters-Multijet Type (Includes addendum C708a-98)
		C710-95	Cold-Water Meters-Displacement Type, Plastic Main Case
		SERVICE LINES	
		C800-01	Underground Service Line Valves and Fittings

PLASTIC PIPE

- C900-97 Polyvinyl Chloride (PVC) Pressure Pipe and Fabricated Fittings, 4" thru 1" (100mm thru 300mm) for Water Distribution
- C901-96 Polyethylene (PE) Pressure Pipe and Tubing, 1/2" (13mm) thru 3" (76mm) for Water Service
- C905-97 Polyvinyl Chloride (PVC) Pressure Pipe and Fabricated Fittings, 14" thru 48" (350mm thru 1,200mm) for Water Transmission and Distribution
- C906-99 Polyethylene (PE) Pressure Pipe and Fittings, 4" (100mm) thru 63" (1,575mm) for Water Distribution and Transmission
- C907-91 Polyvinyl Chloride (PVC) Pressure Fittings for Water — 4" thru 8" (100mm thru 200mm)
- C908-01 PVC Self-Tapping Saddle Tees for Use on PVC Pipe
- C909-98 Molecularly Oriented Polyvinyl Chloride (PVCO) Pressure Pipe 4" thru 12" (100mm thru 300mm) for Water Distribution
- C950-01 Fiberglass Pressure Pipe

STORAGE

- D100-96 Welded Steel Tanks for Water Storage
- D102-97 Coating Steel Water-Storage Tanks
- D103-97 Factory-Coated Bolted Steel Tanks for Water Storage
- D104-01 Automatically Controlled, Impressed-Current Cathodic Protection for the Interior of Steel Water Tanks
- D110-95 Wire-and Strand-Wound Circular Prestressed-Concrete Water Tanks (Includes addendum D110a-96)
- D115-95 Circular Prestressed Concrete Water Tanks With Circumferential Tendons
- D120-84 (R89) Thermosetting Fiberglass-Reinforced Plastic Tanks
- D130-96 Flexible-Membrane-Lining and Floating-Cover Materials for Potable-Water Storage

PLANT EQUIPMENT

- F101-96 Contact-Molded, Fiberglass-Reinforced Plastic Wash Water Troughs and Launderers (Includes addendum F101a-97)
- F102-96 Matched-Die-Molded, Fiberglass-Reinforced Plastic Weir Plates, Scum Baffles and Mounting Brackets (Includes addendum F102a-97)

Awards

Listed below are awards given by national AWWA to recognize outstanding Section members. If you would like detailed information about these awards or know of someone who may be a candidate, please contact Steve Kelley, Beatrice Board of Public Works, 205 N. Fourth St., PO Box 279, Beatrice, NE 68310-0279, tel: 402.228.5217; fax: 402.223.5181; e-mail: skelley@bpw.ci.beatrice.ne.us

Abel Wolman Award of Excellence
Academic Achievement Award
A.P. Black Research Award
Archie E. Becher, Jr. Award
American/Canadian/Mexican Water Landmarks Award
Award of Merit
Distinguished Public Service Award
Division Best Paper Award
Education Award
Friendship Medal (by AWWA)
Friendship Medal (by IWEM)
George Warren Fuller Award
Gimmicks & Gadgets Award
Gold Water Drop
Heroism Award
Honorary Member Award
Memberships Awards
Operator's Meritorious Service Award
Opflow Publications Award
Outstanding Service to AWWA Award
Publications Award
Research Division Best Poster Award
Recognition for Service to the Water Industry
Safety Award
Section Education Award
Service to the Water Industry Award (WISA)
Water Industry Hall of Fame

George Warren Fuller Award

The George Warren Fuller Award is the highest national honor given by AWWA to recognize individuals with outstanding service to the water industry. Listed below are Nebraska recipients.

1941	D.L. Erickson
1950	John C. Detweiler
1951	Lorenzo D. Wright
1951	H.E. Morris
1954	John W. Cramer
1956	Bert Gurney
1957	John W. Kruse
1959	William J. Sommers
1960	Ralph H. Lancaster
1961	M.L. Sievers
1962	Lowell Edwards
1963	George H. Beard
1964	Emil C. Wagner
1965	Theodore A. Filipi
1966	Ralph H. Trester
1967	Vern Livingston
1968	Frank Phelps
1969	E. Bruce Meier
1970	R.H. McLeod
1971	Joseph P. Laferla
1972	Floyd Sanks
1974	Richard D. Hawes
1975	Robert D. Catton
1977	Milton Launer
1978	Wayne Bitting
1979	Joseph J. Roszbach, Jr.
1980	Dean McNiven
1981	Mark Hammer
1982	Joseph L. Gerlt
1983	Cliff Summers
1984	Donald L. Lees
1985	Arley L. Goodenkauf
1986	Dr. Dewey R. Andersen
1988	George Fairfield
1989	Richard Robinson
1990	Burton A. Johnson
1991	Jerome Obrist
1992	Orville R. Davidson
1993	Merlin E. Lindahl
1994	Dennis C. Hirschbrunner
1995	Paul E. Dammann
1996	Lynn A. Wegehaupt
1997	Don A. Franklin
1998	Steve Kelley
1999	John G. Miriovsky
2000	Terrance A. O'Brien
2001	Richard A. Koenig
2002	Jack L. Daniel
2003	Joel G. Christensen
2004	Chris J. Koenig
2005	Chip A. Haas
2006	Mari Matulka
2007	Anthony (Tony) P. Bilek

Nebraska Section American Water Works Association Leisen Top Ops Training Grant Application

To help with expenses for any training seminar or workshop, including the Nebraska Section AWWA Annual Fall Conference.
Please type or print legibly in black ink.

PERSONAL AND EMPLOYMENT BACKGROUND

Name: _____ Home phone: _____
Home address: _____ Office phone: _____
_____ Cell phone: _____

Employer: _____
Address of employer: _____
Is your employer a member of AWWA? _____ If yes, indicate membership number: _____
List areas of your participation in the Nebraska Section AWWA (committees, positions held, etc.):

TRAINING GRANT INFORMATION

Use of grant funds: _____ Amount requested: ☐ \$250 ☐ \$500
Dates of workshop, courses: _____
Location of training: _____

Please indicate below the value to you of the proposed training for your current position and/or other water industry-related positions.

I declare that all information supplied on this application is true and accurate.

Applicant's signature: _____ Date: _____

Send completed application to: **Lynn Wegehaupt**, Metropolitan Utilities District, 1723 Harney St., Omaha, NE 68102; phone: 402.504.7855; fax: 402.504.7709; e-mail: lynn_wegehaupt@mudnebr.com or **Larry Andreasen**, Fremont Department of Utilities, 3000 E. First St., Fremont, NE 68025; phone: 402.727.2821; fax: 402.727.2675; e-mail: l_andreasen@fremontne.net

Please make copies of this order form as needed

American Water Works Association – Dedicated to Safe Drinking Water

Have you ever been a member of AWWA? _____

When? _____ Member # _____

Section 1: Personal Information

Preferred mailing address:

☐ Mr. ☐ Ms.

☐ Business

☐ Home

☐ Mrs.

☐ Dr.

Name: _____

Street address: _____

Address: _____

P.O. Box or mail stop: _____

City, state, zip: _____

Business phone: (_____) _____ Business fax: (_____) _____

e-mail address: _____

Company: _____

Title: _____

Is your company a current member of AWWA? ☐ No ☐ Yes Member # (if known) _____

Please furnish company mailing address if different from above:

Company address: _____

City, state, zip: _____

Applicant's signature: _____

Date: _____

Signature of endorsing member (optional): _____

Endorsing member number: _____

Section 2: Dues and Section Assessments

☐ Active - \$150 (02) ☐ Student - \$28 (14) ☐ Operations/Administrative - \$62 (06) (will not receive Journal AWWA) ☐ Utility (0-5,000) - \$265

☐ Utility (5,001-10,000) - \$1,465 ☐ Utility (10,001-25,000) - \$2,765 ☐ Utility (5,001-10,000) - \$1,465

☐ Service Provider (Gross sales under \$1 million) - \$1,120 ☐ Service Provider (Gross sales \$1-3 million) - \$1,895

Section 3: Payment

Prepayment of one year's dues is required. No action on this application can be taken until payment is received. Dues are not transferrable or refundable. Dues are not deductible as charitable contributions for income tax purposes. Dues may be considered ordinary and necessary business deductions. Go to <http://www.awwa.org> for more information.

Annual Dues \$ _____

Multi-Section Option \$ _____

Total (U.S. funds) \$ _____

Payment method ☐ Check enclosed, payable to AWWA
☐ Mastercard ☐ Visa ☐ American Express ☐ Send invoice

Card Number: _____ Expiration Date: _____

Signature: _____ (Credit card company will add Canadian exchange amount.)

Section 4: Multi-Section Option

In addition to your section membership, you also may join other AWWA section(s). This allows you to receive information on events and activities from other sections of your choice. If you would like multi-section information and fees, call 800.926.7337, and then indicate your multi-section choice(s) and fee(s) in the space below.

Section 5: Circulation Figures

All applicants must complete this section. For auditing purposes, please circle one description in each of the 3 groups below that best describes you.

Business and Industry

- A. Public Water Supply—Municipally Owned
- B. Public Water Supply—Investor Owned
- C. Government—Federal, State, Local
- D. Consultant
- E. Contractor
- F. Private Industrial Systems or Water Whole-saler
- G. Manufacturer of Equipment & Supplies, including Representatives
- H. Distributors of Equipment & Supplies, including Representatives
- I. Educational Institutions, Faculty and Students, Libraries and Other Related Organizations
- J. Fully Retired
- K. Research Lab
- L. Unreported

- Field Served
- 5 Water Supply Only
 - 7 Wastewater Only
 - 9 Both
 - 3 Other

Signature required: _____

Date: _____

Job Title

- A. Executive—General Manager, Commissioner, Board Member, City Manager, Mayor, President, Vice-President, Owner, Partner, Director, etc.
- B. Management—Division Head, Section Head, Manager, Chief Engineer, Comptroller, etc.

Metropolitan Utilities District, Omaha Water Conservation and Alert Plan

Water alert emergency plan (adopted by the M.U.D. Board of Directors, March 2, 1994; revised May 1, 2002)

All actions and restrictions may be required only in certain sections of the system, especially in the case of pressure problems. In these cases, a press release will include an outline of the restricted areas.

Level 1: Voluntary Odd/Even Day Watering

Trigger:

1. Water consumption reaches 95 percent (about 200 million gallons per day) of available supply or system capacity, or
2. Reservoir levels cannot be refilled from day to day, or
3. Low pressure jeopardizes fire fighting or causes numerous customer complaints.

Action:

1. The M.U.D. Director of Communications will issue a press release to notify the public we are issuing the alert. The press release will include a list of water conservation tips.
2. M.U.D. will limit hydrant flushing and main filling, comply with odd/even day water restrictions, and shut down decorative fountains at the Florence Plant and the Headquarters Building.
3. All customers will be asked to voluntarily adhere to odd/even day watering. [If your address ends with an odd number (1, 3, 5, 7, 9), water on the calendar day of the month ending in 1, 3, 5, 7 or 9. If your address ends with an even number (2, 4, 6, 8, 0), water on the calendar day of the month ending in 2, 4, 6, 8 or 0.]
4. Customers will be told what to expect if a Level 2 Alert is issued.
5. All customers will be asked to voluntarily discontinue hosing down driveways, shut off decorative fountains, discontinue filling swimming pools, and other actions deemed appropriate by M.U.D.
6. The City of Omaha and other municipalities served by M.U.D. will be asked to voluntarily comply with odd/even day watering restrictions, curtail sewer flushing, lake filling, fire fighting drills, street washing and other non-essential uses of water.

Enforcement: None

Exceptions: Exceptions may be made for new sod less than three weeks old and other circumstances deemed appropriate by M.U.D.

Level 2: Voluntary No Water Days

Purpose: Specified no-watering days will allow M.U.D. to fill water system reservoirs.

Trigger:

1. Water consumption reaches 95 percent of available supply or system capacity, or
2. Any of the water storage reservoirs cannot be refilled from day to day, or
3. Low pressure jeopardizes fire fighting or causes numerous customer complaints.

Action:

1. The M.U.D. Director of Communications will issue a press release to notify the public that we are issuing the alert. The press release will include a list of water conservation tips.
2. M.U.D. will limit hydrant flushing and main filling, comply with no-watering day restrictions, and shut down decorative fountains the Florence Plant and the Headquarters Building.
3. All customers will be asked to voluntarily discontinue all outdoor uses of water on specified days. The days will be determined by M.U.D. at the time the alert is issued. One full day after the press release is issued will be allowed for notification.
4. All customers will be asked to voluntarily discontinue hosing down driveways, shut off decorative fountains, discontinue filling swimming pools, and other actions deemed appropriate by M.U.D.
5. The City of Omaha and other municipalities served by M.U.D. will be asked to voluntarily comply with no-watering day restrictions, curtail sewer flushing, lake filling, fire fighting drills, street washing and other non-essential uses of water.

Enforcement: None

Exceptions: Exceptions may be made for new sod less than three weeks old and other circumstances deemed appropriate by M.U.D.

Level 3: Water Alert — Mandatory

Trigger:

1. Water consumption meets or exceeds available supply or system capacity, or
2. Useable water storage has been reduced 50 percent, or
3. There are widespread pressure problems.

Action:

1. The M.U.D. Director of Communications will issue a press release to notify the public that the voluntary requirements of the Level 1 or Level 2 water alerts are mandatory.
2. M.U.D. will stop hydrant flushing and main filling, comply with designated restrictions, including shut down decorative fountains the Florence Plant and the Headquarters Building.

3. All customers will be required to adhere to watering restrictions.
4. All customers will be required to discontinue hosing down driveways, shut off decorative fountains, discontinue filling swimming pools, and other actions deemed appropriate by M.U.D.
5. The City of Omaha and other municipalities served by M.U.D. will be required to comply with watering restrictions, stop sewer flushing, lake filling, fire fighting drills, street washing and other non-essential uses of water.

Enforcement: Customers, who do not comply with the watering restrictions, will be subject to having their water shut off until mandatory restrictions are lifted. The current turn-on fee will be charged to restore service.

Exceptions: Customers, who do not comply with the watering restrictions, will be subject to having their water shut off until mandatory restrictions are lifted. The current turn-on fee will be charged to restore service.

Exceptions may be made for new sod less than three weeks old and other circumstances deemed appropriate by M.U.D.

Level 4: Water Emergency – Water Quantity

Trigger: Water use exceeds production or distribution capacity due to emergency situations.

Action:

1. The M.U.D. Director of Communications will issue a press release to notify the public a Water Emergency is in effect.
2. All non-sanitary, non-essential use of water must be discontinued.

Enforcement: Customers, who do not comply with the watering restrictions, will be subject to having their water shut off until the water emergency is lifted. The current turn-on fee will be charged to restore service.

Level 5: Water Emergency – Water Quality

Trigger: Water quality for human consumption cannot be assured due to a contamination or suspected contamination.

Action:

1. The M.U.D. Director of Communications will issue a press release to notify the public that water cannot be consumed safely unless it is boiled or cannot be consumed safely at all. This will include water used in food preparation.
2. M.U.D., in cooperation with the State of Nebraska Health and Human Services Department of Regulation and Licensure, will take action to make the water safe for consumption and conduct tests to assure it is safe.
3. M.U.D. will issue a press release to inform customers the water is now safe for consumption.

Enforcement: None.

Lincoln Water System Water Management Plan

Executive Order No. 047122, May 1994

(reviewed 5/01, 4/00, 3/12/03)

The Director of Public Works and Utilities, or designated representative, shall keep the Mayor informed of the conditions of water supply, system usage and reservoir levels.

When the Director of Public Works and Utilities deems it appropriate, using best professional judgment and considering weather conditions, weather forecasts, river flow conditions and water system operations, recommendations may be made to the Mayor for either initial implementation of the Water Management Plan or an acceleration to an appropriate phase in the Plan.

The Plan is intended to supplement activities of the Mayor's Water Conservation Task Forces.

The purpose of this Plan is to:

1. Keep water use within pumping capacity and delivery capability, based on recommendations of the Lincoln Water System.
2. Define procedures to be used when the above criteria cannot be met.
3. Familiarize citizens, businesses and industry with procedures which may be implemented when voluntary or mandatory water restrictions are required.

Summer Water Use Curtailment Plan

Phase 1 — Voluntary Conservation

Implementation.

The Mayor appeals to the citizens to voluntarily practice water conservation measures in support of the activities of the Mayor's Water Conservation Task Force.

Public and City Involvement.

Lincoln Water System customers are asked to voluntarily reduce water usage by practicing water conservation measures.

Termination.

Phase 1 shall remain in effect until conditions indicate a more restrictive Phase is necessary, or until rescinded by the Mayor.

Phase 2 — Voluntary Designation Day Schedule for Outdoor Watering

Implementation.

Phase 2 may be implemented when the customer usage exceeds 90 million gallons per day for three (3) consecutive days; or reservoir operational storage levels do not refill above the 24-hour average of 70 percent from day to day for three (3) consecutive days; or the wellfield supply is reduced to less than 70 percent of operational volume. (*See Appendix "A," 1*)

When the Director of Public Works and Utilities deems it appropriate, using best professional judgment and considering weather conditions, weather forecasts, river flow conditions and water system operations, recommendations may be made to the Mayor for acceleration to an appropriate phase in the Plan.

Public and City Involvement.

All measures implemented in Phase 1 shall continue with the following additions:

1. Lincoln Water System customers shall be asked to VOLUNTARILY limit outdoor water use to a designated day schedule.
2. Those properties having street addresses ending with an even number (0, 2, 4, 6, 8) may water on Wednesday, Friday and Sunday; addresses ending with odd numbers (1, 3, 5, 7, 9) may water Tuesday, Thursday and Saturday.
3. Large apartment complexes, townhome associations, homeowners associations and businesses with more than one street address at the same location shall declare a designated day outdoor watering schedule for each street

address and shall notify the Lincoln Water System of the declaration before beginning to water under Phase 2.

4. Washing of automobiles, trucks, trailers, boats and other types of mobile equipment shall be permitted on the designated day schedule unless the "health and safety" (*See Appendix "A," 14*) of the public is contingent upon frequent cleaning i.e., garbage trucks, vehicles transporting food perishables, sludge trucks and emergency vehicles.
5. The hydrant flushing maintenance program will be suspended. Hydrant flushing to enhance water quality will be done only as deemed necessary by the Director of Public Works and Utilities.

Termination.

Phase 2 shall remain in effect until conditions indicate a more restrictive phase is necessary, or until rescinded by the Mayor.

Phase 3 — Mandatory Designated Day Schedule Outdoor Watering

Implementation.

Phase 3 may be implemented when the customer usage exceeds 90 million gallons per day for five (5) consecutive days; or reservoir operational storage levels do not refill above 50 percent from day to day for five (5) consecutive days; or the wellfield supply is reduced to less than 60 percent of the operational volume. (*See Appendix "A," 1.*)

When the Director of Public Works and Utilities deems it appropriate, using best professional judgment and considering weather conditions, weather forecasts, river flow conditions and water system operations, recommendations may be made to the Mayor for acceleration to an appropriate phase in the Plan.

Public and City Involvement.

All measures implemented in previous Phases shall continue, with the following additions:

1. Customers shall be REQUIRED to follow the designated day schedule according to address number.
2. Sod, newly seeded lawns less than 30 days old for cool season grasses (*See Appendix "A," 8*); and less than 45 days old for warm season grasses (*See Appendix "A," 9*), including seeding for erosion control on disturbed sites, and mulched plantings may be watered every day, provided the property owner has obtained a no-fee permit for watering from the Department of Building and Safety (*See Appendix "A," 7*). Sod, newly seeded lawns over 30 days

- old for cool season grasses; and over 45 days old for warm season grasses (including seeding for erosion control on disturbed sites), and mulched plantings shall be watered only on the designated day schedule. Receipts and proof of purchase/installation date shall be required in obtaining a permit for watering from the Department of Building and Safety. Placement of permit shall be visibly posted in a window facing the street.
3. Customers, who have established lawns and install an underground irrigation system, may obtain a 10-day no-fee permit for watering from the Department of Building and Safety (*See Appendix "A," 19*).
 4. Commercial nurseries are exempt from Phase 3 watering restrictions but are requested to curtail all non-essential outdoor water use. Trees transplanted within the last three years may require approximately 10 gallons of water every seven to 10 days (*See Appendix "A," 12*).
 5. Customers, who have water cooled air-conditioners or private wells, shall obtain a no-fee permit from the Department of Building and Safety (*See Appendix "A," 13*). Placement of permit shall be visibly posted in a window facing the street.
 6. Washing of automobiles, trucks, trailers, boats and other types of mobile equipment is limited to the designated day schedule, unless the "health and safety" (*See Appendix "A," 14*) of the public is contingent upon frequent cleaning i.e., garbage trucks, vehicles transporting food perishables, sludge trucks and emergency vehicles.
 7. Commercial car washing facilities and commercial power washer businesses shall not be prohibited from operating, however, power washer businesses must comply with the designated day schedule.
 8. Replenishment of water used for the operation of public and private ornamental fountains and waterfalls greater than 20,000 gallon capacity is PROHIBITED.
 9. Watering of golf course tees and Sunken Gardens shall be permitted only on the alternate designated day schedule (*See Appendix "A," 10*). Watering of golf course fairways shall be permitted on Monday only, using the "dormancy hydration plan" (*See Appendix "A," 2*). Watering of golf course greens, USGA-styled sand-based athletic fields (*See Appendix "A," 11*), and ball field infields (*See Appendix "A," 6*) is permitted every day.
 10. Washing of sidewalks, driveways and other paved areas is PROHIBITED unless necessary to prevent imminent danger to "health or safety" (*See Appendix "A," 14*).
 11. Refilling or adding of water to private and/or public swimming pools and/or wading pools is PROHIBITED except between the hours of midnight to 6 a.m. daily. The draining of private swimming pools is PROHIBITED except for an end of season closure or emergency maintenance. The provision shall apply to all consumptive recreational water uses unless specifically exempted. An exemption is allowed for wading pools for small children or utilized to keep pets cool.
 12. The decision to fill city swimming pools shall be approved by the Mayor. If approved, filling will be completed as quickly as reasonably and safely possible done. If it becomes necessary to drain off some or all of the water in a city swimming pool, the decision to do so shall be made by the Aquatics and Mechanical Maintenance Staff, and/or the Director of Parks and Recreation. The decision to refill the pool shall be made by the Mayor, and refilling will be completed as quickly as reasonably and safely possible done.
 13. Private contractor jet flushing of sanitary sewers shall be limited to usage of 6,000 gallons of potable water per day; storm sewer flushing, or street sweeping of existing streets, or street sweeping of newly constructed streets shall be limited to usage of 6,000 gallons of potable water per day each. (*See Appendix "A," 15— Rules for City operations.*)
 14. Upon written request, the Director of Public Works and Utilities may allow Monday watering in-lieu-of weekend watering. This option provides Monday watering only where weekend watering would be a hardship and when the site is unattended on weekends.

Termination.

Phase 3 shall remain in effect until conditions indicate a more restrictive phase is necessary, or until rescinded by the Mayor.

Phase 4 — Water Restriction Warning

Implementation.

Phase 4 may be implemented when the customer usage exceeds 90 million gallons per day for seven (7) consecutive days; or reservoir operational storage levels do not refill above the 24-hour average of 25 percent from day to day for five (5) consecutive days; or wellfield supply is reduced to less than 50 percent of the operational level. (*See Appendix “A,” 1).*

When the Director of Public Works and Utilities deems it appropriate, using best professional judgment and considering weather conditions, weather forecasts, river flow conditions and water system operations, recommendations may be made to the Mayor for acceleration to an appropriate phase in the Plan.

Public and City Involvement.

All measures implemented in previous phases shall continue to be implemented, with the following additions:

1. A VOLUNTARY 25 percent curtailment of all residential indoor usage shall be implemented.
2. Laying new sod, seed, or mulched plantings shall be as outlined in Appendix “A,” 17. An exception may be allowed at the discretion of the Director of Public Works and Utilities on disturbed sites where seeding is needed to prevent soil erosion and a permit is obtained based on receipt and proof of purchase/installation.
3. Washing of automobiles, trucks, trailers, boats and other types of mobile equipment shall be limited to commercial car washing facilities, unless the “health and safety” (*See Appendix “A,” 14*) of the public is contingent upon frequent cleaning i.e., garbage trucks, vehicles transporting food perishables, sludge trucks, and emergency vehicles.
4. Use of water from fire hydrants shall be limited to fire fighting and water quality control activities.
5. Private contractor jet flushing of sanitary sewers shall be limited to usage of 3,000 gallons of potable water per day; storm sewer flushing, or street sweeping of existing streets, or street sweeping of newly-constructed streets shall be limited to usage of 3,000 gallons of potable water per day each. (*See Appendix “A,” 18 — Rules for City operations.*)
6. Operation of public ornamental fountains shall be discontinued.
7. Lincoln Water System shall notify major industrial/commercial/institutional water users that if the situation should

continue to deteriorate, additional voluntary and/or mandatory curtailments and shutdowns may become necessary.

8. Appropriate contacts on the “Emergency Water Resources List” shall be put on ALERT status. They shall be informed of the City’s possible need for outside sources of water augmentation in the near future.
9. Other measures may be implemented at the discretion of the Mayor.
10. Upon written request, the Director of Public Works and Utilities may allow Monday watering in-lieu-of weekend watering. This option provides Monday watering only where weekend watering would be a hardship and when the site is unattended on weekends.

Termination.

Phase 4 shall remain in effect until conditions indicate a more restrictive phase is necessary, or until rescinded by the Mayor.

Water Supply Restriction Plan

Level 1 — Water Use Restriction Alert

Implementation.

1. Level 1 may be implemented when system usage exceeds the ability to supply or reservoirs do not refill above 25 percent reservoir operational storage level overnight; or a major transmission/distribution link is disrupted; or a system failure occurs which causes a loss of capability to provide adequate services.
2. This Level shall be implemented in emergency situations to sustain life and maintain the health of the community.

Public and City Involvement.

1. All measures implemented in previous phases shall continue with the following additions:
 1. THE USE OF WATER SHALL BE LIMITED TO INDOOR USAGE ONLY UNLESS SPECIFICALLY OUTLINED IN PHASE 4.
 2. REQUEST A VOLUNTARY 25 percent curtailment of residential/industrial/commercial/institutional usage.
 3. A MANDATORY shutdown of all commercial car washes shall be implemented.
 4. Washing of vehicles such as garbage trucks, vehicles transporting food and perishables, emergency, and sludge vehicles shall be permitted only between the hours of midnight and 6 a.m.

5. Eating and drinking establishments shall serve water to customers upon request only.
6. Retailers, suppliers, and manufacturers on the “Emergency Water Resources List” will be contacted to provide increased supplies of bottled water, non-alcoholic beverages, and disposable place settings for supply through normal market outlets.
7. Other measures may be implemented at the discretion of the Mayor.

Termination.

Level 1 shall remain in effect until conditions indicate a more restrictive Level is necessary, or until rescinded by the Mayor.

Level 2 — Water Use Restriction Emergency

Implementation.

Level 2 shall be implemented when circumstances exist that cause the system supply to fall below the average winter day usage i.e., approximately 30 million gallons per day. All actions will focus on preserving “lifeline” (See Appendix “A,” 16) indoor water use and fire reserves in the reservoirs.

Public and City Involvement.

All measures implemented in previous phases/levels shall continue with the following additions:

1. A MANDATORY 25 percent curtailment of all industrial/commercial/institutional usage shall be implemented (See Appendix “A,” 5).
2. A MANDATORY 50 percent curtailment of all residential indoor usage shall be implemented. The Citizen Information Center, working with Lincoln/Lancaster County Health Department shall provide citizens with specific information via local and area media for meeting mandatory water curtailment actions (See Appendix “A,” 5).
3. Golf course watering which utilizes Lincoln Water System sources may be PROHIBITED.
4. All air-conditioning utilizing Lincoln Water System sources are PROHIBITED.
5. All restaurants and institutional users shall begin using non-washable disposable table settings. All bars and liquor serving establishments shall use single service glasses to reduce water usage.
6. If water used for drinking purposes is disrupted, Public Works and Utilities may arrange for the trucking of drinking

water from surrounding areas using sources on the “Emergency Water Resource List.” This emergency drinking water may be distributed to the public from city park locations to be determined as appropriate to the situation.

7. Nebraska National Guard and United States Army Resources will be contacted and assistance sought to provide support should either the above actions prove inadequate or the situation continues to deteriorate.
8. Other measures may be implemented at the discretion of the Mayor.

Termination.

Level 2 shall remain in effect until conditions indicate a more restrictive level is necessary, or until rescinded by the Mayor.

Level 3 — Water Use Restriction Crisis

Implementation.

Level 3 shall be implemented when system usage has depleted lifeline indoor water use and fire reserves in the reservoirs, and/or water quality in the distribution system poses a threat to the health and safety of users.

Public and City Involvement.

All measures implemented in previous phases/levels shall continue, with the following additions:

1. A MANDATORY 50 percent curtailment in all industrial/commercial/institutional usage shall be implemented (See Appendix “A,” 5).
2. The Mayor, utilizing emergency powers, shall implement specific MANDATORY industrial/commercial/institutional/residential shutdowns if necessary based on recommendations from Lincoln Water System.
3. The resources of the Nebraska National Guard and the United States Army will be requested to provide support to the community in the area of water purification, storage and transport, based on exhaustion of local/regional resources and the continued threat to human life and health.
4. Other measures may be implemented at the discretion of the Mayor.

Termination.

Level 3 shall remain in effect until rescinded by the Mayor.

ENFORCEMENT

Enforcement of these guidelines shall be at the discretion of the Mayor and in accordance with Section 17.26.010, 17.26.030 of the Lincoln Municipal Code and provisions of the Nebraska Civil Defense Act (*See Appendix "A," 4*).

APPENDIX A

1. Reservoir operational storage is the level of water between overflow elevation and the fire level elevation. Reservoir operational level is the top one-third of above-ground reservoir storage.
2. Dormancy hydration plan — A term used to describe all plant material in a state of minimal metabolic activity with temporary cessation of growth. For most popular turf types this is 1/4-inch to 3/4-inch of water per week depending on weather conditions. Watering needs for ornamental shrubs vary from gallon per week to 5 gallons per week. Both should be applied in or at two different periods during a week timeframe.
3. The operational volume is the top 25 percent of the aquifer.

4. Enforcement Guidelines

1. LMC Section 17.26.010— Emergency Restrictions.

The mayor of the city is authorized and empowered to declare the existence of any emergency relating to the available water supply of the Lincoln Water System and to impose restrictions on the use of water during such emergency. Whenever the mayor shall determine that the remaining available water supply is critically low, from whatever cause, the mayor may declare the existence of an emergency and impose reasonable restrictions on the use of such water. It shall be unlawful for any person to fail to observe any such restriction so imposed by the mayor, provided public announcement of such restriction has been made.

2. **LMC Section 17.26.030 — Turning Off Water For Failure To Observe Restrictions.** The Lincoln Water System may turn off the water supplied to the premises of any person who, after having been notified of the imposition of such emergency restrictions on the use of water, disregards such restrictions, and such supply of water shall not again be turned on until the cost for turning the water off and turning the water on has been paid to the Lincoln Water System.

3. LMC Section 1.24.010 — Penalty for Violations. Any person upon whom a duty is placed by the provisions of this code who shall fail, neglect, or refuse to perform such duty or who shall violate any of the provision of this code for which a penalty is not otherwise specifically provided shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment in the county jail for a period not to exceed six months, or by a fine of not to exceed \$500, recoverable with costs, or both. Each day that a violation of this code continues shall constitute a separate and distinct offense and shall be punishable as such.

5. Mandatory Curtailment of Water Use — Residential and Industrial/Commercial.

A 25 percent or 50 percent curtailment of water use can be determined by reviewing your billing cycle usage. This can be obtained from your water bills; contacting the Public Works & Utilities Water Business Office; or looking up your usage on the City of Lincoln website.

6. City of Lincoln ball fields constructed with agrilime will require minimal daily watering to provide adequate hydration of material for player safety. It is necessary to water the clay infield portions of the playing fields daily to keep them soft, safe, and playable at any level of baseball. This is especially true in the case of professional baseball. In times of water restrictions, Haymarket Park will limit the use of water on the clay portions of the playing fields to baseball game days.
7. A signed receipt with statement from supplier that customer has purchased/installed enough seed for seeding the entire lawn at address, and square footage of seeded area.
8. Cool season grasses include Kentucky Bluegrass, Fescue, etc. Consult nursery for additional classifications.
9. Warm season grasses include Buffalo Grass, Brome, Native Prairie, etc. Consult nursery for additional classifications.
10. Use golf course clubhouse address to determine designated day schedule. Sunken Gardens shall use the designated odd schedule.
11. Syringing, defined as a brief (2-3 minute) sprinkling of the turf with water for the purpose of cooling the turf, is a practice routinely used at Haymarket Park. Four moisture sensors have been installed to indicate the need for water in the outfield. In periods of extreme heat, Haymarket

Park may need to syringe the turf during the heat of the afternoon. Syringing can reduce the overall stress levels of the turf plant, and therefore can reduce the overall water requirement for the plants. Syringing will be allowed at Haymarket Park and at all other USGA-styled sand-based athletic fields or golf course greens in Lincoln.

12. The watering of newly planted street, park and/or golf course trees on City property shall be permitted on a designated day schedule. Non-potable water from wastewater treatment shall be used by City personnel if available for such purposes.
13. The Building and Safety Department will:
 1. Require the customer to verify they have a water-cooled air conditioner.
 2. Require the customer to verify they have a private well.
14. The Lincoln/Lancaster County Health Department shall be the agency that determines matters of health and safety.
15. City jet flushing of sanitary sewers shall be limited to usage of 24,000 gallons of potable water per day; storm sewer flushing, or street sweeping of existing streets, or street sweeping of newly constructed limited to usage of 6,000 gallons of potable water each.
16. Lifeline indoor water use shall be defined for drinking, cooking, and sanitary facilities determined by the Lincoln/Lancaster Department necessary to maintain sanitary

17. Note: Clarification of Subsection in Phase 4, Item 2b is as follows:

1. Seeding of cool season grass, with permit, may be allowed between August 15 and September 30.
 2. Sodding, with permit, may be allowed from September 15 until ground freezes solid.
 3. Daily watering, if necessary, will be permitted for 45 days.
18. City jet flushing of sanitary sewers shall be limited to usage of 12,000 gallons of potable water per day; storm sewer flushing, or street sweeping of existing streets, or street sweeping of newly constructed streets shall be limited to usage of 3,000 gallons of potable water per day each.
19. A signed, dated receipt from irrigation contractor verifying customer has purchased/installed a lawn irrigation system.

Ad order form for 2009 publications

Price is for one issue. Your ad also will appear in the publication when it is posted on our website: www.awwaneb.org.
Paper circulation: 500, including all U.S. and state legislative representatives.

Whenever possible, please submit advertisements electronically on a CD. Preferred document formats are: (1) Photoshop (psd file; layers included) or (2) pdf (high resolution). Publication is produced in InDesign CS3 for Mac.
