

SPONSORSHIP REQUEST

The Nebraska Section of AWWA Water for People Committee (WFP) is hosting a sporting clays shoot on September 5, 2025 at Oak Creek Sporting Club near Brainard, Nebraska. We are looking for sponsors to help support the event. Any remaining funds in the event account after the event conclusion will be donated to the Water for People fund. The following has been provided for your consideration to help support the event. Current plans include 100 sporting clays shot at ten stations.

- Each station is open for a station sponsor with a prominent sign indicating sponsorship. Each station sponsorship is \$100.
- We will have two stations with an opportunity to shoot at a \$5 long shot and a pair. These stations are also open for sponsorship at a \$100 level. Prizes will be distributed on a 50/50 basis to the winner by raffle and WFP.
- We are also seeking prizes to be given away for various things (top shooter, colored targets shot, etc).

We will have a prominent display at the event with all the sponsors listed. This display will be located near the check in table for the duration of the shoot. Each sponsor will be included in the e-blasts distributed as part of the promotion of the event. As such, we encourage you to sponsor early so that your name gets around to the various parts of the event promotion effort.

Donations by check:

Joe Roberts c/o HDR
1917 S. 67th Street
Omaha, NE 68106-2973

JOIN OUR SPONSORS:

The Water for People committee is a committee of the Nebraska Section of AWWA and is a 501(c)(3) non-profit organization comprised of professionals dedicated to protecting Nebraska's water quality. Please check with your tax professional regarding possible tax deductions because of your donation. The Nebraska Section is a member association of the American Water Works Association; an international organization of educational and technical water quality experts. These organizations provide an excellent forum for communication, and provide educational information concerning water.
